

4000 posterior draws of alpha and length under Cauchy(0, 0.7) prior

Dataset with length = 0.13, signal/noise = 10

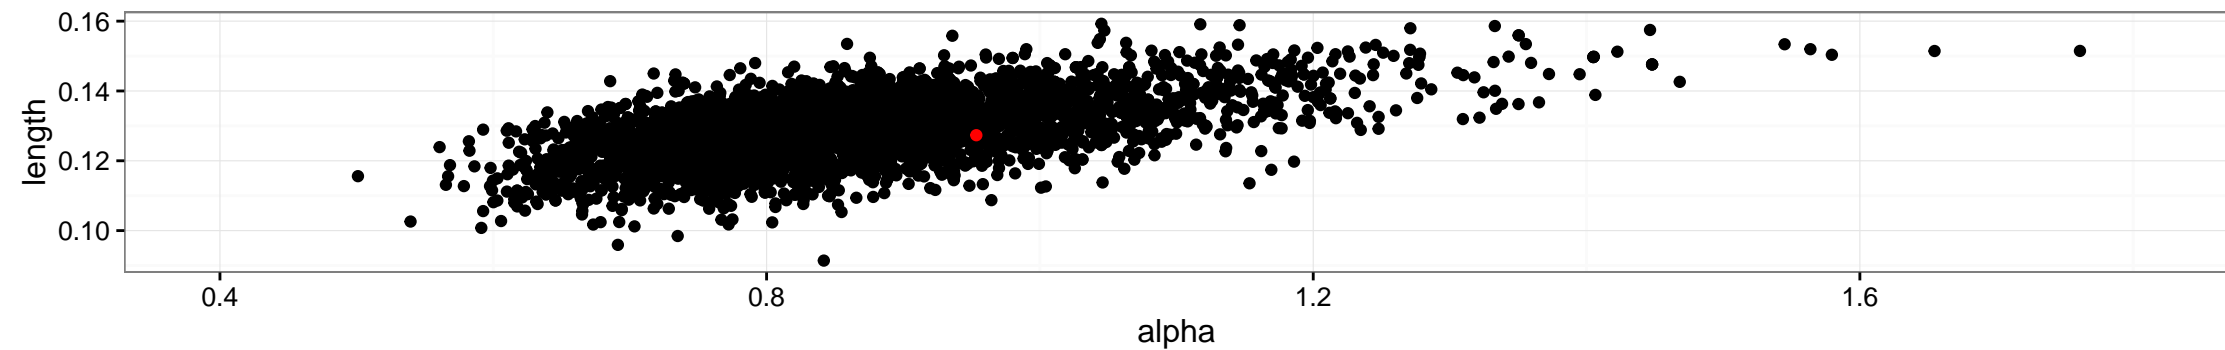

4000 posterior draws of alpha and length under Normal(0, 1.2) prior

Dataset with length = 0.13, signal/noise = 10

4000 posterior draws of alpha and length under Weibull(2, 1) prior

Dataset with length = 0.13, signal/noise = 10
